

We are searching for a Blueberry Farm Manager to manage our growing blueberry farm operation in the Brunswick, Georgia area. This is an excellent opportunity to join a stable, growing company without taking on the risk or expense of starting your own farm.

This unique opportunity will include an excellent salary based on experience with benefits such as medical/dental insurance etc. All candidates must live or be willing to relocate within a reasonable commutable distance from the farm.

Requirements:

- Knowledge in the agronomy associated with blueberry farming
- Knowledge in farm equipment operation and general maintenance
- 2 or 4 yr degree preferred in Agriculture or related studies
- 3-5 years of experience directly with blueberry farming is a must
- Ability to manage a farm staff comfortably

If you meet the requirements above and are interested in discussing this opportunity in confidence, please send your full resume as a word document attachment to Charles@carolinasearchgroup.com or fax to (888)202-2046. We will only contact qualified applicants. Candidates must be presently authorized to work fulltime in the U.S. Employer will not sponsor visas.
